

8/23/2012

To Whom It May Concern;

I am currently the Assistant Director of Facilities for Mental Health Center of Denver located in Denver, CO. We are the largest community mental health center in the state. My primary responsibility is the oversight of 13 residential housing sites which includes both assisted living centers and apartment homes. We also own and operate thirteen clinic/admin buildings.

Due to the diverse nature of our buildings and tenant needs we are required to maintain high standards of safety and comply with multiple governing bodies. We frequently receive routine inspections from HUD (Housing and Urban Development) ,CHFA (Colorado Housing and Finance Authority) and CDPH&E (Colorado Department of Public Health and Environment) as well as the Denver Fire Department just to name a few.

Requirements from these entities are widely diverse in nature and demand a strong knowledge of regulations from city and county codes to federal and non-governmental standards based on codes such as IBC (International Building Code) 2009, NFPA (National Fire Protection Association)72, 90 and 101, and NEC (National Electrical Code)2011. These codes may span several years of changes and addendums based on jurisdiction.

Mental Health Center of Denver routinely upgrades and improves our residential and clinical sites and as a result needs to meet new code standards frequently. We employ Mountain Alarm to complete all work necessary to meet those new standards as well performing all of our annual and biannual system inspections. I am always pleased with the service we receive. Inspections are performed in a courteous and timely manner, and any additional work we need is performed conscientiously with our budgets in mind.

It is without reservations that I recommend Mountain Alarm for any and all projects that you may be considering. Their diligence and professionalism meet and exceed all expectations.

If you have any questions, or if I may be of further assistance, please feel free to contact me.

Sincerely,

Oriana Sanchez
